

MADHUSUDAN PUBLIC SCHOOL

Annual Report 2019

It is my privilege to present Annual Report of our School in front of you. Madhusudan Public School was founded in the year **2009** and got its affiliation from **CBSE, New Delhi in 2012** upto Secondary level. The School is administered by **Saraswati Devi Memorial Educational Trust**, which aims for the **welfare of society** in every aspects of life.

It gives me immense pleasure to inform you all that our School has applied for the upgradation of **10+2 level**. CBSE has sent a team of Inspection committee to inspect our school on **17th October 2019**.

It has been our constant aim to inculcate among the students the **habits of Virtue, Discipline and devotion** towards studies and **responsibility** to be **loyal** to the country.

Our school follows **100% child-centered approach**, which focuses on all round development of personality of the learners. In such a situation collating the data manually for every student becomes impractical. In the absence of supporting software it becomes challenging to follow the **guidelines of CBSE**. So we opted for **Digital Smart Classes** which are running successfully in **12 class rooms**.

This **Digital Smart Learn Class** has innovative **teaching-learning aids** with unique features. Its study tools are student centric modules that make learning simple and interesting. It enables our students to understand their practical skills and apply them in different areas of learning. It also has special emphasis to **handle pronunciation, MTI and other conventional aspects** of the language, so that the students are well prepared for their professional life.

In the present scenario of competitions, the quality of our education focuses on the **innovativeness** through major activities which develop productive skills and noble values in them which **separates the best from the rest**. Our school has always laid emphasis on building **strong foundations** of the students and providing an environment where students can achieve **all round development**.

The main attribute of MPS which separates it from others is the **Teacher-Parent and Student interaction** which help us to understand students' progress. To make this interaction more effective results are given to parents after every assessment. On this day parents are requested to come to school to know about their children's Progress. A **Special Remedial Classes (SRC)** is organized for slow learners to bring them upto MPS standard.

For years we have been doing our best to meet your **demands and expectations**. In this regard the school is always committed to provide **rich opportunities** for students so that they can be **well groomed and compete** for their **deserving future** all over the country. Our school is **well equipped** to meet the challenges to shape **bright career** for students.

Our School comprises **spacious classrooms, Science & Computer Labs, enriched Library and vast playground** for the students. Moreover **Audio-Visual classes** are provided for their easy understanding. By keeping safety concern in mind our school has already been equipped with **CCTV surveillance**.

In **Co-Curricular Activities (CCA)** the school organizes wide varieties of activities for all students, Participation in CCA is compulsory for every student for their overall development. The Co-Curricular activities are as follows:

For Juniors (I to V): Rhymes, Drawing, Writing, Extempore, Speech, Essay, Story-Telling and Cut & Paste Work. **For seniors (VI to X):** Quiz, Face-Painting, Elocution, Debate, Art & Craft, Rangoli and Mental Ability Test.

Our students have been participating in other events outside the school also. It is really a matter of pride that our students secured merit positions in various Competitions in the past few years. In **Inter-School events such as Speech, Drawing, Essay, Debate and cultural events our students bagged medals and prizes**. Rakesh Pradhan of std. IX has secured 3rd Position in Spell-Bee competition held at S. E. Rly., Mixed Higher Secondary School, Chakradharpur.

Our students have excelled in **International & National Level Karate Championship**. On 27th June 2019 our students got 1st position in International Karate Championship held in Nepal. Students got 1st Position & 3rd Position in open International & National Karate championship held in **Khunti & Goa** respectively. **CBSE** has conducted the **cluster-III Sports Meet** from 26th to 30th October 2019 at Kuju, Ramgarh in which our school achieved Runners up in the Football event. Winning awards in various spheres increases our responsibility as teachers. Our school has a team of **industrious teachers**. Our Teachers are regularly attending the **Capacity Building Programme** conducted by **CBSE** Head Quarters/ Centre of Excellence , Patna for establishing a level of acceptable quality in all aspects of School functioning.

In **CBSE 2019 Matriculation Examination** **104** students appeared out of which **5** students obtained **Above 90%** Marks, **18** students secured **between 80% to 89%** Marks, **22** Students secured **70% to 79%** Marks, **29** Students secured **60% to 69%** Marks, **23** Students secured **50% to 59%** Marks, **7** Students secured **40% to 49%** Marks. The school records excellent results with a majority of students getting through with distinction marks. It is a great achievement for the school that our students qualify for various courses for higher studies with creditable ranks across the country.

We also anticipate your **kind co-operation** to bring out the best in every child. We want to keep it up, so parents are requested to co-operate the school administration whole heartedly to bring up an overall development of their wards.

We welcome your **valuable feedbacks, ideas and suggestions**. It will motivate us to maintain the **good standard of Education**.

Thank You.
